

## More Value, More Choice, One Library

Whether you are interested in refreshing your skills or broadening your knowledge base, the *SkillSoft* eLibrary makes it easy to find the training you need.

In addition, ecourses are constantly being updated and added in response to customer input, providing you with **more choice** and **more value**, found in **one library**.

### MORE VALUE

An amalgamation of ecourses previously found on the Management Development Series (MDS), the eLearning Foundational Library and the Project Management Library.

### MORE CHOICE

An additional 350 business skills ecourses, and more than 100 new desktop skills ecourses—a total number of ecourses that exceeds 1,000.

### ONE LIBRARY

A comprehensive collection of ecourses that will provide you with convenient access to a variety of skills and knowledge you need any time, and anywhere.
