Meridian Launches iLearn@Meridian – the CUSOURCE® LMS re-branded for Meridian

Launched in October 2008, iLearn@Meridian is a Meridian-branded online learning management system built on the CUSOURCE® 7.6 platform. It delivers Meridian-specific learning to its employees while meeting Meridian’s business needs.

Meridian chose the CUSOURCE LMS over others because its features best matched the credit union’s business needs and goals; plus, Meridian wanted to leverage the CUSOURCE team’s intimate knowledge of both the LMS and credit union business. In summary, the 7.6 LMS would enable Meridian to deliver Meridian-specific learning in an efficient and cost effective way.

This venture has been a huge success for both Meridian and CUSOURCE Knowledge Network. Click [here](#) for more information.

Introducing the Leadership KnowledgeCenter™

One-stop Online Learning Hub for Current and Aspiring Leaders

The [Leadership KnowledgeCenter™](#) is an innovative online learning portal that gives current and aspiring leaders access to leadership-focused learning on demand.

Some of the benefits include: a variety of strategic leadership & management related learning materials; video dramatizations of frequently encountered business challenges; interactive case studies and real-world scenario simulations; extensive library of electronic books on a variety of subjects; and more.

Join Sheila Levak of Skillsoft on March 4 and 11 in a webinar to find out how your credit union can start effectively using this powerful tool.

For only \$295 p/p, CUSOURCE Knowledge Subscribers can access this KnowledgeCenter (CU04-LKC) from now until November 30, 2010. There are only 200 individual licenses available for purchase, so don’t miss out on this great opportunity. The sooner you and sign up your employees, the longer they benefit.

Re-designed *Anti-Money Laundering & Terrorist Financing* Course Now Available

With revised content and a new design, the *Anti-Money Laundering & Terrorist Financing* online course is now available on the *CUSOURCE*® LMS - free of charge! The new design has a course component (CU01-AMLTF) and a separate assessment component (CU01-AMLTF-EX). This enables employees to re-do the course as often as they want before taking the assessment; and allows more experienced employees to simply take the test.

This course provides credit union employees with fundamental knowledge to assist in the prevention and detection of money laundering and terrorist financing.

Important Information: Individuals enrolled in the 2008 version of the course who have not yet started their learning will be automatically registered into both the 2009 course and assessment components on February 13, 2009.

Individuals enrolled in the 2008 version of the course who have started their learning will have until February 27, 2009 to complete the course. After that date, they will be automatically moved to the 2009 version (both components) and any progress will be lost.

Click [here](#) for more information about the *Anti-Money Laundering & Terrorist Financing* course.

An Introduction to Profitability Tutorial Online!

The *CUIC*® online tutorial, *An Introduction to Profitability* (CU01-IP), uses real-life examples to introduce employees to the factors that affect credit unions' profitability and how profitability is reflected on the income statement. Plus, it reinforces the concepts in the instructor-led course, *Understanding Our Business*.

The cost for this online course is \$45 p/p. To register, enter "cu01-IP" in the Catalogue Search field or click on Catalogue > By Supplier > CUSOURCE.
